

MICHELLE HONEY, FAIA

Business Development Executive

Michelle Honey, FAIA serves as business development executive for Kinsley Construction Inc., a family-owned business founded in 1963 by Robert A. Kinsley of York, PA. Kinsley has evolved into one of the largest full-service firms in the nation and currently ranks 142, as measured annually by the national industry publication Engineering News Record. Kinsley serves specific areas of the construction industry through its eight divisions, which include: Building Construction, Sitework, Heavy/Highway and Bridge, Industrial, Manufacturing, Materials, Kinsley Custom, and Engineered Solutions Group.

The Building Construction Division has grown to serve the mid-Atlantic region with offices in Baltimore, MD; Reading, PA; and the DC Metro Business Unit in Herndon, VA, where Michelle is located. The DC Metro Business Unit serves clients in Washington, DC, Northern and Central Virginia, and Southern Maryland. Kinsley targets projects that are diverse in size and varied in complexity in multiple market sectors, including education, health care, warehouse and distribution, multi-family, and government. Kinsley's diversity is supplemented by two wholly-owned subsidiaries and nine affiliate companies with common ownership.

Michelle is a construction management executive with more than 30 years of experience. She was the director of planning and project management for Georgetown University and followed as university architect and director of architecture, engineering and construction at the George Washington University. She was a visiting professor at the University of Maryland's School of Architecture, Second Year Design Studio; critic for Catholic University of America's Fifth Year Design Thesis and lectured at numerous architectural schools on the role of non-traditional architects and the role of women in architecture and construction management.

She earned an Executive Master of Business Administration degree from Georgetown University, and Bachelor of Architecture and Bachelor of Building Science degrees from Rensselaer Polytechnic Institute. Michelle is a Fellow of the American Institute of Architects, licensed with the Virginia Board of Contractors, an active member of the Association of University Architects, and a member of the Society of College and University Planners. She previously served on the board of the American Institute of Architects' Washington Architectural Foundation and the Board of Directors at Gonzaga College High School. Currently, she serves on the board of the Maryland Center for Construction and Innovation and the President's Counsel at Gonzaga.
